

REMOTE EVENT 

NEXUS

MISSION CONCEPT

LIVE DEMO

The Future of Aerial Mobility.
Anywhere. Anytime.

Join us for an exclusive remote event showcasing
NEXUS – the hybrid autonomous manned mobile utility
redefining how we move, operate and connect.

HYBRID • AUTONOMOUS • REMOTE CONTROLLED

RIDE THE FUTURE

THE POWER OF HYBRID

One platform. Three modes.
Switch seamlessly to adapt to any mission.

MANNED

Fly-by-wire controls for
for maximum situational
awareness and safety.

AUTONOMOUS

Advanced AI and sensors
enable fully autonomous
missions with precision
and reliability.

REMOTE CONTROLLED

Operate remotely in real time
with secure, low-latency
links for extended reach
and flexibility.

CHOOSE YOUR EXPERIENCE

LIVE DEMO
